

LabCorp
2300 South broad Street - Suit Number 207
Registrantion Number: 115283631

Greetings,

I have initiated a background check which triggered the clock on the **drug test** component. Here are the instructions you need to follow. Let us know if you have any questions.

As mentioned, Unisys requires passing a **drug** screen as a condition of employment. It is important that you call the National Scheduling Center at [888-695-3465](tel:888-695-3465), Monday through Friday between the hours of 8:00am (ET) and 8:00pm (ET) within 48 hours of receiving this notification to schedule your urine **drug** screen appointment. You have five (5) business days to schedule and complete our **drug** screen, after which your timeframe will expire. Upon calling the National Scheduling Center, please identify yourself as a Unisys candidate and provide the following information:

- Your legal name as it is listed on your Driver's License
- Daytime phone #
- City, state and Zip code you would like your appointment nearest

The National Scheduling Center will locate the appropriate site to complete your **drug** screen by searching within a 25-mile radius of the zip code you provide. The Scheduler will make the appointment and provide you with the date/time, address, and phone number of the site. The scheduling call may take several minutes, as the Scheduler may need to verify the availability of appointments.

In preparation for your appointment, please remember to bring the following:

- Take a valid photo ID (State issued driver's license or ID card, military ID or passport).
- The National Scheduling Center phone number [888-695-3465](tel:888-695-3465).

Should a problem occur, immediately contact the National Scheduling Center prior to leaving the facility.

Best Regards,
Allison
